-  straight stitch
-  twisted ribbon stitch
-  twisted straight stitch

Instructions for Painting Cow Spots: Cut out cow pieces and trace lines for painting onto fabric with a pencil. Paint marked areas using black acrylic paint and a fine tip craft brush. Let dry completely, then press with dry hot iron to set paint.

We had to move the star down on the page in order to display the whole pattern. For placement on the block, match center of star pattern to double dotted circles. See Pattern Page 22 for instructions for the beading pattern around the center rivoli crystal in the star.
