Bankruptcy

We all with baited breath are watching the world as it is plunging headlong into bankruptcy.

Now, as with the ways of God, there is always a yea and a boo to His way of doing things.

The word bankrupt denotes the disruption of the banking system.

Seeing as how money is the blood system of the world, what is the lack of it telling us?

Now we know that “our life is in the blood”. So, going bankrupt is much more than having no money, losing your business, your home, perhaps all your friends. It means life as you knew it is over.

The life of an old age is passing away. It is corrupt, it is evil, it is of no use anymore. The corruption you see in the banking world is the corruption of the blood and it affects all of us for we are an entity in that system and are as corrupt as the system itself.

Now that is the boo part of my story. The yea, yahoo part is this. God has a new blood, called the blood of Christ, His very blood that He is using to cleanse us. As it takes over the world, it leaves no stone left unturned. Money and the root of it will be a curse as we are

moving rapidly into a new blood system, a new way of life, a new generation.

Here are a few scriptures to ponder.

“The love of money is the root of all evil.” Now that says all evil. Money will make one err from the faith and it will eventually pierce one through with many sorrows. (1 Timothy 6:10) You will also notice it is a root. So God is pulling up the roots of an old age and turning the world upside down to root us in the heavens. For where our treasure is, there our heart is also.

James 5:1 — “Go to now, ye rich men, weep and howl for your miseries that shall come upon you. Your riches are corrupted, and your garments are motheaten. Your gold and silver is cankered; and the rust of them shall be a witness against you and shall eat your flesh as it were fire; ye have heaped treasure together for the last days.”

And my dear friend, we are in the last days of the last days.

So let us all help one another through this once in every two thousand year crisis and thank God for our bankruptcy as it takes away the corrupt old life and gives us life anew.
