

Piecemakers Class Schedule

October — December 2020

Signs of the Time

Let me describe what is happening as a world calamity takes place. THE END OF THE GENERATOR OR GENERATION OF 2000 YEARS IS PAST DUE.

All we sense of the American way of life is coming to a rapid demise. All things that guided us in the night season are coming to an end. Like the Twin Towers made of steel and glass and concrete turning to ashes, so is our life as we know it. However, out of the ashes will come the beauty of holiness, a garment of praise for the spirit of heaviness and we will be known as the planting of the Lord.

The Ten Commandments taken out of the courtroom, the dollar bill with “In God We Trust” losing its value, are signs that they are not needed anymore, for that which is greater is appearing.

We shall see all lives brought down to zero to be regenerated. We are in the hour where it is “repent or perish”.

AS DISMAL AS THIS ALL SEEMS, out of the ashes of the old America will arise a new nation, born of fire, serving instead of taking, kind, gentle, WITH NO PERSON RULING OVER ANOTHER — a nation filled with GOD’S light of liberty and justice for all, shining brightly in a dark world.

And then we will see the beautiful words written on the Statue of Liberty come to pass with no laws on immigration — just the laws written in the heavens and on our hearts, and not on tablets of stone:

*“Give me your tired, your poor,
Your huddled masses yearning to breathe free,
The wretched refuse of your teeming shore.
Send these, the homeless, tempest-tost to me,
I lift my lamp beside the golden door.”*

Shame will fill the hearts of all as we see how we as a nation speak with forked tongue, saying one thing and doing quite another. Always remember, we are the government with our so-called representatives. So, my dear friend, we are entering our finest hour where there are no scapegoats, nobody to blame... it is just God and myself striving to become one. That is a marriage made in heaven.
