

The Early and Latter Rain

We are entering into a most awesome time in the history of mankind. God is about to complete that which concerneth Him. And that is that He become a Father. When He begins to gather His family unto Himself, He comes like the rain comes or the fire comes. He is as real as rain, He is as real as fire.

His rain falls on not just one part of the earth. It falls on the entire earth. However, there seems to almost always be a special place where the people have prepared themselves while the rest of the world were not using the time to get ready.

Now I happened to be around in the sixties when the early rain fell and it was exhilarating, exciting and devastating. Some drank, some didn't. But all were affected. Families were torn asunder. It was like a giant earthquake shook the earth and fear, excitement, bewilderment and many tears got us through the sixties. Life was never the same.

I am sure each person has a story to tell. Along with the heartache of having to change or get washed out, there were miracles such as

cancer healings, legs growing out, eyesight returned and such. All seemed to be in the physical realm.

Now we are headed into the latter rain and it is fire. The fire will expose all corruption as our old Adam man has to change and bring forth fruit. God shook the earth in the sixties. Now He is about to shake the heavens where all the evil rulership makes its abode.

The works of the devil will be put under foot and those who are willing to suffer the death that will glorify God will be born from above, filling the power of the air with the glory of God.

It is known as the ingathering, the gathering in of the corn and the wine and the oil. The night season allowed for corruption and deceit. In the daytime all will be exposed and peace will reign. No more judges, jury, prisons. God's righteousness will rule. Oh yes, I forgot to tell you His righteousness is more unforgiving than a jury. You either conform or are "mausetot" - that is, deader than a door nail. Are you ready for His coming???? We will shortly see.
