

Email Letters from Marie

April 2006

Dear Email Friends,

I have the perfect solution to our immigration problem:

Considering that the God who created heaven and earth and also founded our country, shaped our country and now will finish the work He started. His solution is simple — 2 Thessalonians 3:10 “If anyone will not work neither shall he eat.”

Then I would further suggest that all government employees who leech off our society be shipped to Mexico and let Fox teach them how to work.

Anyone who has the balls and courage to leave his homeland and seek a better life and is willing to work should be welcomed in a society that considers work a four letter word.
