

What If...

*What if — the grass it never grew and the rain it never came;
Everyone was like “Jesus” living to love, and never using His name in vain,*

*What if — the ones who caused us pain on this earth faced the judge,
And when it’s time to ask for justice, we want to taste his blood.*

*What if — you went through all you have and never made a sound,
Just sucked it in but what you did you know you made us proud.*

*What if — the Lord forsook us and never gave us strength,
Or would we forsake you for your prayers if you never gave a cent?*

*What if — “police” harassed all elders since they got they’re nerve,
Or how could we ever call them believing they’re here to protect and serve?*

*What if — they never tried to hurt a woman, age at “86”,
Would people still be in the blind and let them play their tricks?*

*I thank God for Piecemakers that you’ve created “Ms. Marie”,
They say when you’re old the mind’s the first thing that goes,
“But You Still Remember Me”!*
